Demo Consulting for Producers

If your production has high quality, and you believe you can sign them with a major label, but do not know how to get the A & R Heads, we send your demos to a list of over 450 important labels as Cr2, Stealth, Toolroom, Subliminal, Hed Kandi, Ministry Of Sound, Supermarket, Black Hole Recordings, Spinnin, Hotfingers, and many more.

We are sure that if your tracks have quality, you will receive a response from any of these major labels, to sign your work, and to start a promising career.

Licensing Consulting for Labels

If you need to open the market for your label and expansion, the best way is to provide licenses from your releases to other labels around the world. We send your licensing to report to a list of over 1.000 labels around the world. You can offer exclusive licenses for countries or general licenses.

Track and Remix Production

Need a track, or remix album, but you have no knowledge of music production? No problem, our producers can create a musical production for you by the style you choose: House, Tech-House, Electro House, Techno, Minimal, Dance and many more (Only Electronic Music), vocal or instrumental with finishing and mastering music industry standard. We shape your ideas, just tell us what you need.
